There is going to be something doing down our way.

CONN BROS

Lancaster, Ky.

Live and Let Live Folks

Next Monday is county court day.

The "Fair season" is close at hand.

Tobacco plants are greatly in demand.

Sidewalk building is in progress all over the city.

A deal in Lancaster residence property is almost a daily occurrence.

Poor old Park, guess it will not come in for any share in the city improvements.

A number of local Masons went to Bryantsville to a strawberry supper last Saturday night.

Mr. Robert E. Henry is making a handsome addition to his suburban residence on the Richmond turnpike.

Measles continue to rage in the town. Mrs. David Sanders, has just recovered from a severe siege with it.

There is strong talk of making improvements to the Public Square. We hope it will not prove to be all talk.

Read the woman's column on the third page, as it deals with facts of a local nature that is interesting to all.

Strawberries at \$2.50 per crate for this week and next after which the supply will run short. W. E. Moss.

The summer resorts are beginning to make alluring announcements to the tired public who are accustomed to spend their vacations at such places.

Work is being pushed rapidly on the addition to the Christian church and it is hoped to be completed before the coming of the extreme heated season.

Up-To-Date Optical Service.

Get acquainted with the Byrne System of eye-glass fitting. Office over Stormes Drug Store. This week only.

Notice.

Get your Horses, Mules and Jacks insured with Ed C. Gaines the Insurance man. Agt. for the oldest Co. in America. Do it today!

Declamatory Contest.

A gold watch will be given to the successful contestant, in a declamatory contest, to be held at the new school building on Thursday evening June 12. This date will enable contestants to have the assistance of their teachers. The watch can be seen at Morrow and McRoberts. The contest is open to any school or community desiring to take part. The subject and name of contestant should be given to one of the undersigned at once.

J. A. Beazley,
M. D. Hughes.

Teachers Elected.

The trustees of the local school met on last Friday evening for the purpose of electing the teachers for the school for the 1913-1914 school year. The same corps of teacher now employed were reelected with the exception of Prof. Riley and Miss Knapp West. Mr. Riley's application to succeed himself as principal did not meet with favorable consideration at the hands of the school board, and Miss West did not apply for a position in the school.

Cincinnati Excursion No. 3.

The third Sunday excursion of the season was run to Cincinnati on last Sunday and about forty five local people took advantage of it. We fear they will have a rather tiresome trip of it, as because of the street car strike in Cincinnati, they will not be able to visit the "Zoo" "Chester Park" and the ball game, and will have to be satisfied with Fountain Square, which is in walking distance of the depot, and where they may witness the crowds and sights of "the city."

Dr. Pontius Buys Machine.

Dr. R. L. Pontius has purchased of Bristow Conn what is known as his "skeeter machine". It is one of Bristow's own building, taking as a basis the running gear of an old Ford runabout and adding parts taken from numerous other machines, when assembled made, if not a thing of beauty, most assuredly one of the "runningest" cars in this part of the country. The vehicle takes a hill as easily as down grade, and we verily believe that should an emergency necessitate it, would climb a telegraph pole.

Garrard County Land Nets \$300. Per Acre.

Mr. Webb R. Kelly, one of the most progressive farmers and tobacco raisers of the county, and who owns a farm on the Kirsksville pike, raised a crop of tobacco on five acres of land last year from which he realized \$1700. He estimates that the crop cost him about \$200, which leaves him a net profit of \$1500, or \$300, per acre. And yet there are those who will say that \$100 per acre is too high for Garrard county farming land. Mr. Kelly will raise an experimental crop of one acre of tobacco this year, keeping accurate account of the exact cost and will then be able to exactly state just how much he realizes there from.

The Tobacco Situation.

There is a great cry going up over the county because of the scarcity of tobacco plants and it looks very much like the immense crop which looked probable this year will be in some measure curtailed because of the scarcity of plants. The shortage is due to the cool spring and the recent dry weather which we have experienced. Very few of the plants are yet ready for setting, backward, and it will be some time yet before tobacco setting will be in full swing. However, in some instances, farmers who are more fortunate took advantage to the recent showers and set several acres of their crops.

Colored Boy Dangerously Wounded By Companion.

Letcher Ambrose, locally known as "Bad eye" and Morgan Mullins, two colored youths about fifteen years of age, took a days outing at Dix river on a fishing expedition last week; they took with them a double barrel shot gun, and on their return trip Ambrose pointed the gun at Mullins and pulled the trigger, not thinking the gun was loaded. It is the same old story of the gun that was not loaded. Mullins had his left shoulder torn away, his chin badly lacerated and the lead lodged in his cheek, and he lies in a critical condition at the home of his mother on "the chute".

He Will Put Water Into Watermelons.

Did you ever hear a man assert that he "was the man who put the water into watermelons"? Well a Lincoln county man proposes to do this very thing. A Lincoln man named Blackerby proposes by means of surgery to assist nature in maturing the luscious "rattlesnake" and Georgia Sweet". His plan is to make an incision in the vine after the small melons have made their appearance; the incision is to be made just above the small melon, and into this incision will be inserted a yarn string, the other end to rest in a can of water, and it is intended that the young melon will take its nourishment by this means. If this operation proves a success, Mr. Blackerby will have put Luther Burbank to shame.

Rev Morgan Seeks New Field.

Rev D. W. Morgan who was recently called by the congregation of the local Baptist church to the pastorate of the church, has sought new fields for his labors. Rev. Morgan let it be known recently that he had since accepting the call at this place received a call to a church in Texas at a much smaller salary than he was receiving here, and at the time expressed his intention of refusing the latter call. He gave as the reason for abandoning the local charge that one of his children had been pronounced by physicians to be in a tubercular condition, and that his wife was not in the best of health and he deemed it advisable because of the health of his family to seek a milder climate. He will locate in Texas.

Yum, Yum, Yum.

The Paint Lick High School will serve strawberries and ice cream at the school building next Wednesday evening May 28th, and from the fact that it is given for a worthy cause should be well patronized.

A Bargain.

We offer 15 acres of land in 2 1/2 miles of Lancaster, on a good pike, with new house, bath, heating plant and other improvements, at \$3,200—less than cost. This is done in order to make another deal. Hughes & Swinebroad.

Ice Factory In Operation.

The new ice plant is turning out a splendid quality of ice made from distilled water and in a quantity sufficient to supply the demand of the country hereabouts. They have purchased a late model delivery wagon for the use of the city trade and are delivering their product over town every morning.

Blue Grass Seed Crop A Failure.

The crop of blue grass seed, which last year was an unprecedented one, is almost a complete failure this year. The few weeks drought coming at a critical period for the seed is the cause. Some farmers are estimating that there will not be a one tenth crop, and while this may be a little overdrawn, still it is known that the crop is extremely short. Stripping will begin in a few weeks and local dealers who are accustomed to gathering several thousand bushels are anticipating not over one third the usual yield.

Mid-Summer Meeting Press Association.

Messrs Desha Breckinridge, Lewis Landrum and James Allen, three of the most versatile newspaper men in the state, and who compose the programme committee for the mid-summer meeting of the Kentucky Press Association, which is to be held at Olympia Springs June 9th to 13th, have completed their labors, and they have formulated one of the most interesting programmes ever offered at a meeting of the association, and includes many addresses which will prove of great interest not only to newspaper men but to the laity. The editor of the Record has been honored with a place on the programme and the subject assigned him is "A fair and fearless stand in editorials", and we shall take pleasure in lending our feeble efforts toward the success of the meeting.

Opera House Being Projected.

There is strong talk of building a play house in Lancaster, and the plan is being considered by several parties who are amply able to put their ideas into execution. We have a splendid "movie" theater, but there is a strong demand for a play house here which will accommodate something a little stronger occasionally than the picture show affords, and that at no distant date the plans will become a certainty is assured. Under present conditions, if we wish to see a production of anything like less than 25 years old we must go to either Lexington, Louisville or Cincinnati, which involves an expense which not every one can or desires to stand, while if we had a play house at home which could accommodate them, we could get a circuit of attractions which would insure us seeing at least one good show each month during the season.

A Truly Good Man.

Rev. John R. Peebles, one time pastor of the local Methodist church, and incidentally one of the best and most unselfish men we ever knew, was in Lancaster last week. Bro. Peebles is still following his same old calling, seeking to do some good for his fellow men. He is seeking funds to assist prisoners who are paroled, pardoned or discharged from the penal institutions of the state, to re-establish themselves, secure employment and live better lives a very laudable purpose, and one for which no better man could have been secured than John R. Peebles. He met with much encouragement in his undertaking in Lancaster. Mr. Peebles was mainly instrumental in the building and establishing the old "Garrard Female College", one of the first really good educational institutions Lancaster ever had. He was also mainly responsible for the erection of the new Methodist church at this place. He now makes his home in Winchester.

Probable Improvement To Public Square.

The placing of handsome concrete walks about the Public Square bids fair to prove similar to the case of the good lady who put down handsome new carpets in an old house and then found she must have a new house to correspond with the carpets; we will very much need a new square to correspond with the sidewalks. The improvement of the square is being seriously discussed, and something along this line will undoubtedly be done when the sidewalks are completed, just what will depend entirely upon the means available. Two plans are under discussion, one is to treat the square in the same manner that the public roads of the county are being treated, the use of macadam put down with the county machinery; the other is to pave it with vitrified brick, or some equally as substantial substance.

A movement is also on foot to establish ornamental lights about the square the installation of which will probably be borne by the merchants and business men about town.

TAYLOR T. BURDETT.
LOGAN ISON.

We are authorized to announce the following candidates for city offices.

For Police Judge.

E. W. HARRIS.
J. P. PRATHER.

Some years ago there was discovered in Adams county, O., a wholesale traffic in mens birthright's, their votes, and innumerable indictments were found and convictions had under the indictments. It was found that a large per cent of the citizens of that county were accustomed to barter their right of suffrage, and at this the country at large held up their hands in holy horror. However, the citizens who were most horrified at the state of affairs unearthed in Adams county, O., did not stop to think or investigate the condition of affairs in their own immediate community, did not attempt to find out whether or not they were living in glass houses. The truth of the matter is that Adams county was just a little less fortunate than many of the com-

munities who were so severely shocked at the unearthing of the skeleton in their closet; while in truth Adams county was but one step worse off than many other localities, they were guilty of the crime of "being found out", and were suffering for the discovery.

The upheaval in Adams county was spasmodic, but there is an upheaval, in its incipency just now, but destined to become nation wide, which is not spasmodic, and which we hope and believe will eventually wipe out effectually the traffic in votes. All over Kentucky there is a feeling, a feeling which is rapidly rounding itself into tangible form, that this state of affairs should be remedied wherever it is found to exist. A movement is on foot among the good people, irrespective of party affiliation to stop this custom which has existed in many localities much longer than it ever existed in Adams county, O.

This movement is gathering strength rapidly as it goes, and it is fostered, aided and abetted by such a class of people and in such numbers that no party can afford to ignore their call. Ministers are taking a hand in this movement, but from this fact it must not be inferred that it is a sectarian or religious movement, the ministers are taking part not as pastors, but as upright honest men and good citizens, and associated with them will be found the very best citizens of the various communities. Their first step is to appeal to the citizens, the voters themselves, to enlist their services in the cause, by petitioning the governing bodies of the various parties, asking them to lend their moral support to the movement, asking that they will not give countenance to the candidate who uses or allows to be used for him, whiskey, money or other things calculated to debauch the voter in the furtherance of his office seeking, and it is scarcely worth while to state no party can well afford to ignore such a petition bearing the names of such a large per cent of the representative voters of the county.

The petitions have been circulated widely in this county, and have found ready signers every where. A mass meeting is called at the court house on next Saturday afternoon at which a plan of action will be outlined, able speakers, including men who are interested in a like movement in neighboring counties, will be present and make addresses. It is hoped that every citizen of Garrard county who is interested in the purity of the ballot, who is interested in seeing clean, moral men hold office in the county, will be present and lend the weight and influence to the forwarding of such a good cause.

Congressman A. O. Stanley made the opening speech of his campaign for U. S. Senator to the court day crowd at Glasgow last Monday. Contrary to the prediction of those who are opposed to the candidacy of Mr. Stanley, he did not indulge in any of the bitter invectives against every person and thing in the state who are not for him; upon the contrary he made a clear cut, concise speech in which he set forth his claims upon the people of the state for their support, and with the exception of the Steel trust he did not say aught at which anyone could take offense.

Gov. Johnson of California has signed the anti-alien land bill passed by the California legislature recently; Secretary Bryan has handed to the Japanese Ambassador, Baron Chinda, a sealed answer to the protest made by his country to be transported to Japan. The act does not become effective until August and it is hoped and confidently expected that before that time the matter will be amicably settled as between the two countries.

Mail And Rain.

This locality was visited on Tuesday afternoon by an electrical storm which carried with it a copious rain and considerable hail; the rain was very timely and acceptable and there was no crop in a sufficiently advanced stage to be damaged by the hail.

'Squire Bourne Buys Automobile.

'Squire J. P. Bourne has purchased a Buick runabout of Messrs Conn and Mahan of Danville, and is now busily engaged in learning to run it, under the able tutorage of Master Milton Elliott. Squire Bourne has business, turnpike business of course, on every road in the county, and we may now expect as a matter of course that the roads of the county may soon become model roads.

Home Grown Strawberries.

Home grown strawberries are being offered on the local market; they are not very plentiful owing to the recent dry weather, but the later varieties may with seasonable weather from now on be more plentiful. Blackberries are blooming and from the amount of bloom, it seems that under favorable conditions the crop of "the poor man's friend" will be a bounteous one. This with "free sugar" gives promise of unlimited supply of blackberry jam.

Teachers Examination.

Examinations were held on Friday and Saturday of last week in the office of county superintendent Jennie Higgins for the common school certificates for teachers in the public schools of the county. Seventeen took the examinations, fourteen of whom were girls and three men. These examinations are becoming more and more difficult every year, and in consequence it requires the applicant to be well versed along educational lines before they are able to stand them successfully.

Horace Walker To Graduate.

We are in receipt of a handsome invitation to the graduating exercises of the Jefferson School Of Law, which are to be held at the Masonic Theater in Louisville on this Friday evening April 23d. Horace L. Walker of this place is a member of the graduating class, and is treasurer of the Class officers. Horace is in the law office of Judge Humphrey and gives promise of becoming one of the foremost attorneys of the state.

Probably Known Here.

Last Monday's Lexington papers gave an account of a Mr. Henry White being cut on last Sunday while on an excursion outing to High Bridge, and the indications are that it is the same Mr. Henry White who underwent a siege of typhoid fever in the hospital at this place, and who is a cousin of Mr. G. B. Swinebroad, if such be the case, we are sure Mr. White was not to blame as he is a quiet inoffensive gentleman. The man who was cut was sitting on the bank of the river when several men became engaged in an altercation, and one of them turned to White and asked "Well what have you to say about it?" and assaulted him. Mr. White's wounds though painful are not of a dangerous character, and he was taken to Wilmore for medical attention.

Government Homesteads.

The United States Reclamation Service announces the availability for homestead entry, some excellent irrigated farms in the well known Shoshone irrigation project near the Yellowstone Park in Wyoming and in the Huntley and Belle Fourche projects in Montana and South Dakota. Water is now ready for delivery to these farms, and under the new three year homestead law a liberal inducement is accorded settlers in that they are permitted five months, leave of absence in each year. The cost of the water right is repayable in ten annual instalments without interest. In all of the foregoing districts there are already splendid transportation facilities, good roads, schools, stores, churches of practically all denominations and rural free delivery. For those with sufficient means to commence farming operations, this offers an excellent opportunity to work out one's independence and to develop a paying farm.

Mr. Albert V. Leonard, Settlement Agent of the Reclamation Service, Federal Bldg., Chicago, has available for distribution several descriptive pamphlets concerning these projects and will be glad to furnish them upon request.

Logan Burke Critically Ill.

With an attack of abdominal dropsy and other complications, Mr. Logan Burke of the Bryantsville section, lies critically ill at this writing. Physicians from Lexington have been called in consultation with local physicians and little hope is given out for his recovery.

Odd Fellows To Entertain.

On Tuesday night May 27th at their lodge room the local lodge of Odd Fellows will give a strawberry and ice cream supper to its members, their wives and families. The occasion will be without cost, but no one will be eligible to partake of the entertainment save members of the lodge in good standing and their families.

"Titanic" Doing Rushing Business.

Lancaster visitors to Cincinnati last Sunday report seeing the "Titanic", the craft which until recently plied between this point and Nicholasville. During the street car strike in Cincinnati Mr. Thomas the owner of the car is running it between Fountain Square and Peebles' Corners, and we are glad to say is doing an immense business.

Get A Hunting License.

County Clerk J. W. Hamilton informs us that all persons who secured hunting license last year and paid \$1.50 therefor may have 50 cents refunded to them, or they may secure a new license for this year upon the payment of an additional 50 cents, provided, they will agree to reimburse him in the event that the case now in the court of appeals is so decided as to force him to pay the additional 50 cents to the state. Mr. Hamilton has been very fair in the matter of hunting license, and this proposition is an exceptionally fair one. It will not be very long before the dove season is upon us, and every hunter should secure a license and be ready.

Cincinnati Street Car Strike Settled.

The officials of the Traction company and representatives of the striking carmen in Cincinnati reached an agreement on Monday whereby the strike was settled and service was resumed on Tuesday. The Traction people agreed to recognize the union of the carmen, but the carmen in turn agreed to an "open shop", which means that the Traction company may employ either union or nonunion men at their discretion. The traction people agreed to an increase of wages to both union and non-union men alike, the amount of the increase, together with other differences existing, to be settled by arbitration in the near future. The strike has been on for over a week and has been accompanied to some extent by rioting, and has occasioned much inconvenience to the people of Cincinnati.

Surprises His Family.

Mr. Chas. Simpson, a son of Mr. William Simpson of Teatersville, and who has been in California for the past fourteen years, arrived home on Tuesday. Mr. Simpson has been in poor health, and but recently his brother went to California and endeavored to get him to come home; he succeeded in bringing him as far as Albuquerque N. M., but he declined to come farther east at that point. Recently he notified his relatives that he was starting for home and wired them his condition from points along the road. His relatives expected some one to accompany him, probably a nurse, as in his weakened condition it was not thought advisable to allow him to travel alone. When the train arrived at Lancaster, Charley alighted therefrom without assistance, and was preceded by a handsome lady; after greeting friends and relatives who had gathered to meet him, very much to their surprise he introduced the lady who accompanied him as his wife, he having married her in Albuquerque. His many friends here at his old home congratulate him upon his good luck in securing such a handsome life companion and hope that he may be spared to enjoy a long life in her company.

Base Ball.

The local colored base ball team will lock horns with a strong team from Paris at the Ball Park on Saturday afternoon. The local team plays a strong and interesting game and it will be worth seeing.

Welcome Rain.

We were blessed last week with copious and timely showers, falling in spots pretty much all over the county, and as is always the case this time of year, they were "badly needed." In consequence of these rains grass is looking much better, as is also oats, corn and in fact all kinds of crops and garden truck. In some localities a tobacco season was experienced and some farmers succeeded in putting out several acres.

Garrard And The Henchman Voter.

(COMMUNICATED)

Webster defined "henchman" as "one who follows the haunch of his master". One of the largest sensations ever noted in a Danville audience, is alleged to have been served from the platform of the Chataqua held in that city, last June, in which was described both "haunch" and "paunder" of the Henchmaster.

It was when Judge A. Z. Blair, of the Adams County Ohio Judicial district told how eighteen hundred voters of that county had been made "henchman" voters; how the henchmaster candidate for office, had called to his "haunch", the Kennel animal voter and if throwing behind him the prepared biscuit of drug booze and rotten money.

As Judge Blair went thro the shameful recital a hush fell on the vast crowd beyond words. Some it was alleged, strange to say, turned pale-others with set jaws and flashing eyes; others leaning forward; others half standing; others getting up and going out. Judge Blair told how children at home, had been infected with the immortality and the contagion of vote bribery, as a starting point for later vice and crime to the rising generation.

One notable element was in the address of Judge Blair. It was that the wives and mothers of homes, made criminal by the henchman rule, had time and again protested against its dishonor to their homes, to their husbands, and to their children; their protest being potential in rescuing the County from its shame; a record that has become nation wide for good.

One reader of the Record, has noted with patriotic pride the clear, clean note of its editorial attitude to the civic leprosy of today in the bribe giver and bribe taker at the polls-wherever found and by whomsoever promoted-in all parties. To the honor of Kentucky Judiciary as well as Ohio-and the nation why should it be overlooked in the charge to the grand jury? As one has said-"the flies that annually swarm around the stalls in Kentucky, where bribe giver and bribe taker are hitched needs both fork and lime today, and needs it sorely- and only a half a now can smell it."

The Mass meeting of the citizenship of Garrard at the Court House, should be one to do things. Make it a red letter day; not only for Garrard but adjoining counties. The man from Mercer will have a message worth hearing on that day. And so from others. It is believed that no better influence can be desirable for this vital issue than the presence and cooperative of christian womanhood of Garrard. In every moral uplift of her community in the past, there has been no record without her. She is dependable and more.

The jointly aggressive attitude of ministers and pastors of Garrard is to be heartily commended. Their congregation should follow. If the churchman does not stand against the debauch of citizenship, he stands for nothing. Geographically the exact center of Kentucky-let the voice of Garrard County be a central station, that against the corruption of the voting franchise will be heard from the mountains to the Mississippi-"Down with the black shame! Up with the white honor!"

We are glad to announce to the good people of Lancaster and Garrard County that our

ICE PLANT

is now in operation.

This is a Lancaster institution, owned and controlled by Lancaster people; and we hope and believe that all legal citizens will give us their support and patronage.

Our aim is to make the highest quality of sanitary ice, and to furnish the public a satisfactory service at prices as low as are consistent with good business methods.

We cordially invite you to visit our plant.

Blue Grass Dairy & Ice Company.

Incorporated.

Lancaster,

Kentucky.

Given The Glad Hand.

Capt. William Herndon, of Lancaster, was here yesterday, and received a warm welcome by his many Boyle county friends. For many years Capt. Herndon was prosecuting attorney in this district, and made a splendid official. His genial smile and always cheerful and witty disposition make the clever attorney most desirable company. -Danville Messenger.

"Lancaster News"

"Lancaster"-A canning factory is the latest addition to the town of Eubanks. The building is nearing completion, which will add much to the thrift and industry of this village in Pulaski.

Under a Lancaster date line the above article appeared in a Louisville daily last Monday. This is but a fair sample of the news appearing in the daily press from "this locality", and were it some terrible tragedy or something detrimental to the community, it would be seen as happening "near Lancaster" just the same. Eubanks is just over the Lincoln county line in Pulaski county, 29 miles from Danville and 41 miles from Lancaster, and yet every little happening, good, bad or indifferent at this or points equally remote find place in the daily papers as being "near Lancaster". When will it cease?

Fish Consignment For Dix River.

Mr. J. E. Stormes, president of the Garrard county Fish and Game Club, received on Wednesday from the U. S. Government a consignment of 15,000 small mouth black bass, which were immediately placed in Dix river, being distributed at different points by Mr. George W. Palmer, secretary of the club. If these fish are afforded the proper protection, within a few years this streams will be teeming with this variety, the gamest that swim, of fish and the angler may have a day of successful sport wherever he chooses. It would be but an act of justice upon the part of every citizen in the county, especially fisherman, to cooperate with these gentlemen in their effort to protect the stream. Messrs Stormes and Palmer have gone to considerable trouble and expense to stock and protect Dix river, and if the citizens will lend their assistance to them and to the game warden, depredations may be prevented.

Lost: Waterman Fountain pen on Square or Lexington Street, reward. C. B. Bastin.

Important Work Is Being Done By Kentucky Folk-Lore Society.

Attention of the readers of this paper is called to the efforts of the recently formed Kentucky Folk Lore Society. This Society is trying to collect and preserve all kinds of folk lore, of which there is much in Kentucky. The Society desires the assistance of all good Kentuckians, so that the unprinted songs, legends, customs etc, of our State, some of which are passing away with this generation, may be recorded. Many readers of this article can help in the work. The school teachers of the county are especially in a position to get unprinted songs that children and others sing. The following are the kinds of folk lore that the Society is collecting:

SONGS-Many people sing songs learned from their parents or neighbors and probably never printed. All kinds are wanted by the Society-religious songs, love songs, Civil War songs, songs of robberies or fights, etc. Songs of both negroes and whites are desired. Mountain songs and ballads are especially in demand.

SIGNS AND SUPERSTITIONS.-Stories of "haunts", ghosts, hoodoo cures, and the like are desired. The negroes have many of these.

LEGENDS-Unprinted stories of the Civil War times, anecdotes of the period before the war, duels, feuds, and traditions handed down from Indians days, are all worth saving.

DIALECT-Unusual words, words used in unusual senses in a given locality, and survivals (such as are common in the Kentucky mountains) of old words or meanings are desired. The origin of our geographical names also needs to be worked out.

MISCELLANEOUS-Besides the above, record is wanted of peculiarly local games, plays, and dances, and local jokes, riddles, and proverbs.

Please note these suggestions: (1) record the material just as you found it, mistakes and all; (2) indicate where when and from whom you got it; (3) indicate whether you got it from recitation, from an old manuscript, from singing, or from your own memory; (4) indicate when, where, or from whom your informant got it.

Dr. D. L. Thomas, Danville, Ky., the Secretary of the society, will be glad to answer any questions. Any material, however slight that is sent to him will be gladly welcomed by the Society.

A Vehicle Should be Painted and Repaired by Mechanics
WHO ARE SKILLED AND EXPERIENCED.

Our Painters and Carriage Builders Are Practical Men

who never turn out a job in a slipshod manner. Every job of Automobile and Carriage work given to us is done by work men who have made the business their life-study, and who not only know how, but do the work properly

Danville, Ky.

Ride In The Best.

When you are in the market for a buggy, why not get the best. If you do you will buy a GERSTENSLAGER, we know of only one or two buggies that will compare with this one. Below we give a few reasons why this buggy is the best of all others.

1—We wish to say that no matter where you buy a buggy you cannot get a better wheel than the Gerstenslager Co. furnish on their buggies which is the Sweets Wood Hub. They certainly do not use the shell band as some companies do.

2—They use one of the best axles that is made, which is the Richards Long Distance and which will run longer with one oiling than any other.

3—They put more bolts in their shafts than any other manufacturer, by these bolts being full size they stay right where they put them and it is not necessary to use a brace which looks alright on a cultivator but not on a high grade buggy.

4—These buggies have a nice right and left branch step which is so constructed that we guarantee this step to carry 250 lbs. without bending down.

5—If you will call and look at one of these on our floor you will notice that the iron that the body hangs on are at least one third heavier than you will find on any other buggy, which is one of the essential points as all the weight is on these body loops and if they are to light will bend in toward the body and throw the springs out of plumb, we could tell you a dozen more reasons why this buggy is better than all others made, but if you will only call we will be pleased to show you. Remember our prices are the lowest of all dealers in all classes of merchandise and farming machinery, we have no rent to pay no bad accounts to loose and we pay in car lots, come and see us and get the right price.

The Womans Club

(Edited By The Womans Club)

The music department will hold its last meeting in this session on Friday the 24th at 2:30 o'clock at the home of Mrs. J. E. Robinson. This meeting will be a musical reception and all club members are cordially invited to attend.

Ten Commandments Of Health Officer.

1—Thou shalt kill with smashing, and unswerving assiduity flies.

2—Remember thy garbage to keep it covered.

3—Look not upon thy neighbor's negligence without gently, but firmly, reminding him that thine own health and happiness and that of thy family depend partly upon the cleanliness of his premises remember cleanliness is next to Godliness and be cleanly thyself.

4—Honor thy father and thy mother by helping them to keep the screens shut and the holes patched, that thy days may be long in the land of flies.

5—Clean out the stables and move the mounds every week, lest the warm, moist piles hatch the eggs, larvae and pupae and give wing to the pestilential stomoxys calcitrans.

Safeguard thy health, thy family's health, thy neighbor's health and the public health against diphtheria, tuberculosis, typhoid and other communicable diseases by fighting the deadly flies.

6—Swat!

7—Bear witness that thy fly treadeth in filthy places and wipest his feet upon thy food.

8—Eat no food which hath come into contact with flies. Screen thy baby's milk, its bed. Screen everything that flies seek, to keep them starved, that they may perish from the land.

9—Clean up!

10—Clean up!

The musical program and reception on Friday afternoon will close this session of the Womans club and every way it has been a year full of interest and profit to its members. Each department has entered into its particular work with a zeal and has stood for progress which has as its foundation the good of the community. The session will open in October and the incoming officers pledge themselves to the best interests of the club and in return asks for a renewal of the efforts of each member in the work.

Time To Fight Flies.

"The time to fight the flies is before they become flies—when in the eggs, or while they are maggots. The problem of elimination of flies is one of elimination of filth. No filth, no flies. Clean up, keep clean, and see that your neighbors do likewise. Have your swatter ready for the first arrivals. Like Mrs. Wise, swat early flies, and save swatting later. If at first you don't succeed, swat, swat again."

A catechism on flies issued by the Kentucky Board of Health, which Miss Durning had for convenience, said: "Kill the fly or the fly will kill you." It contained the following as a "Journal of a Female Housefly":

Journal Of The Fly.

November 2—Went into winter quarters.

April 20—Came out of winter quarters and laid my first hatch of eggs—120—in a manure heap.

April 31—May first 120 eggs have hatched.

April 22—Larvae have undergone first molt.

April 23—Larvae have undergone

second molt.

May 2—One hundred and twenty full-grown children.

May 3—Laid my second batch of eggs—in a vault.

May 13—Hundred and twenty more children. Third laying in garbage can.

May 20—The city has offered a prize to the school child who will kill the largest number of flies. The boy at the house where I live is killing us right and left. And to think—I have been eating at the same table with him.

May 21—Laid my fourth batch of eggs. If not hindered, by September 10 will have a large family.

Sometimes a great wave of interest will sweep over a community resulting in the making of certain laws or ordinances.

Then the interest will abate and the law is not enforced and things go on in the same old way.

It would be better not to make a law at all than not to enforce it after it is made.

We are called by other nations a lawless people and with good reasons. When the breaking of laws goes on constantly and there is no punishment or penalty we naturally lose respect for the law and its dignity.

Especially is it true that ordinances are not enforced in a small place. The Council has on their books ordinances which are not even known and so are not obeyed. Nuisances are thus left unnoticed and uncorrected. Often we violate a law and really don't know there is such a law. It then becomes the duty of the officers to call attention to this oversight. When this is done there should be no offense taken. It is not a personal matter, the law was not made just for that case. As the preacher on Sunday touches your sin do not be angry but if the "shoe fits wear it".

Is there a law which says that all hogs must be moved out of town by May 1st? Pigs in summer time are filthy and objectionable and they are no respecter of persons.

The pig pen of the Mayor, the Doctor Banker or preacher is just as much of a nuisance as the one of the humblest person in town. The conditions and principles are the same, and none should receive favor from the marshal.

The laws of the state demand that beef in the markets be screened, and kept clean from flies. Is this being done?

The Womans Club has tried faithfully to call attention to various little offenses which detract from the beauty and cleanliness of our town. Our pride in our town is great, and we are willing to work hard for any improvement that will help or benefit. We only ask your assistance and protection.

HAMILTON VALLEY.

Mr. E. Z. Irvine is on the sick list.

Mrs. Lucy Hammack visited her sister Mrs. Charley Davis last Sunday.

Miss Mary Hobbs of Macksville Ky is the guest of the Misses Roops this week.

Messrs Eph Mason and Thomas Fryer has returned home after a short stay in Indiana.

Mrs. Richard Lear was the guest of her father Mr. John Millon last Saturday and Sunday.

Mr. and Mrs. J. W. Hamilton of Lancaster were the guest of Mr. and Mrs. Melvin Strimett last Sunday.

Our community rejoices in the fact that we are to have a new school building. Many thanks to Supt. Higgins and the Board of Education and any one else whose word or deed helped in the fight for a new school building.

News Of The Churches.

C. W. B. M. And Bible School Convention To Meet Here May 27th And 28th.

The Christians Womans Board of Missions and Bible-school convention of the tenth district, composed of the counties of Garrard, Lincoln, Madison and Pulaski will convene here, at the Christian church, May the 27th and 28th. This will prove quite an interesting convention and a large number of delegates from the state are expected. Mr. C. E. Tate of Stanford is the President, Miss Rose Crawford, Somerset, Secretary, and Miss Sallie Elkin, District manager.

The official program follows:
C. W. B. M. PROGRAM.
MONDAY EVENING, MAY 26, 1913

3:00 Christian Educational Address
. Pres. R. H. Crossfield

3:45 "The Lexington School of
Methods" W. E. Frazee

4:00 Benediction
Evening Session
7:30 Address. A. W. Fortune

Doctors Use This for Eczema

Dr. J. H. McRoberts, the well known skin specialist, writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine is for malaria. I have been recommending the D.D.D. remedy for years. It will take away the itching, soothe the inflamed parts, and cure the disease. The most pronounced cases of this country are now cured on this, and are never liable to return. With the D.D.D. remedy and the D.D.D. Prescription, you can cure your eczema. It will cost you nothing more than you find that it does the work."

R. E. McRoberts & Son.

MID SUMMER HATS

A new Supply just in and up-to-date.

Mrs. Ada Kinnaird

"When I invest in a wagon
I buy a Studebaker, then
it's a safe investment"

Of course it is! Studebaker wagons are built on honor, with sixty years of wagon-building experience—and with every wagon goes a Studebaker guarantee.

You can't afford to have a dealer sell you some other wagon represented to be "just as good."

If you want a wagon that will last, run easily and stand up to its work, there is only one wagon to buy—and that's a Studebaker.

Don't trade ten extra years of service for a few dollars difference in price.

Studebaker wagons are made to fit every requirement of business or pleasure, in city, town or country.

See our Dealer or write us.

BLEUCHER 46158.

Record 2:29 1/4, Trial 2:14 1/4.
Half Brother to Lula Watts (2) 2:27 1/4.
Trotter, Brown Stallion, about 15 1/2 hands, foaled 1906.
Standard Registered Vol. 18.

Silent Brook 1909, 2:16 1/4, sire of Billy Burk 2:03 1/4, Meadow Brook 2:06 1/4, Shawbay 2:07 1/4, Zarrine 2:07 1/4, Betty Brook 2:09 1/4, Emma Brook 2:10 1/4, Butter Brook 2:10 1/4, Silent Brigade (2) 2:10 1/4, Margaret Bathgate (4) 2:11 1/4, etc. Sired dam of Chatty Direct (4) 2:07 1/4, etc. His dam, Jenny Clay, also produced Reddie Clay 2:25 1/4, and was granddam of Prue 2:21 1/4.

Moko 2:45 1/2, sire of Fereno 2:05 1/4 (winner Kentucky Futurity), Brenda York (3) 2:08 1/4 (Futurity winner), (5) 2:04 1/4, Native Belle (2) 2:07 1/4 (Futurity winner), (3) 2:06 1/4 (champion 3-year-old filly), Manrico (3) 2:07 1/4 (Futurity winner), Silver Silk (4) 2:08 1/4, Susie N. (3) 2:09 1/4 (Futurity winner), Gomoko 2:10, Mabel 2:10 1/4, Mochester 2:10 1/4, Momasser 2:11, Silko (3) 2:11 1/4 (Futurity winner), etc. Sired dams of The Harvester 2:01 (champion trotting stallion), Vito (4) 2:02 1/4, Martha Tipton (4) 2:03 1/4, O'Neil (3) 2:13 1/4, etc. Brother to Bumps 2:03 1/4, Baron D. 2:10, etc.

Bleucher 46158, record 2:29 1/4, trial mile 2:14 1/4, half in 1:06, last quarter in 32 seconds, is a handsome seal brown horse, and will weigh 1100 pounds. He greatly resembles his good sire Silent Brook and is out of Clayo, by the great Futurity sire Moko. A grand combination of two of the best race horse families of the present day. He being a real race horse himself, having had very little training and most of that by an amateur. It certainly looks like this horse is of Grand Circuit caliber, and if given half a chance he will win his share of the money sure.

BLEUCHER is a perfect type of a road horse, good gaited with perfect manners, wears no boots, or weights. He was a money winner at the Blue Grass Fair last year and is conceded by good judges to be the best road horse out this year.

This is a good opportunity for Garrard and adjoining counties to breed in to the best families of the trotting blood. Look this horse's breeding over and see how many they have in the list both sire and dam.

This great trotting Stallion will make the season of 1913 at my stable in Lancaster, Kentucky, at

\$20.00 To Insure A Living Colt.

I am prepared to take care of mares on grass at 10c per day. Lien retained on colts for service fee. Money due when mare is traded or parted with. Care taken to prevent accidents but not responsible should any occur.

W. B. BURTON,

PHONE 95.

4 dam May Steers..... by John C. Fremont

Dam of May Bird 2:21

The veteran reinsman, Mr. E. F. Geers, has the following to say relative to this horse.

"I am under the impression that Gordon Todd will prove to be a great sire" as he was good headed, pure gaited, with plenty knee, shoulder and stride action which all good sires have to have. I do think that had he been sound he would have gone a mile in 2:04 or 2:05 and probably faster. Yours truly,

E. F. Geers.

JOHN S. BAUGHMAN,

Phone 523.

P. O. Box 236, Danville, Ky.

Individuality, Breeding, Speed.

Horses of the Time. Within reach of all. The blood that wins the races. The blood that wins in the show ring. The blood that brings the money.

Thistle Doune 2:09 1-4

Winning race record on Grand Circuit 1912. Full brother of Ruth McGregor 2:06 1/4, a Grand Circuit winner of 1912. Son of Jay McGregor 2:07 1/4 who recently sold for fifteen thousand dollars (\$15,000.00) for export to Russia, and who sold Baldy McGregor 2:06 1/4, who sold at auction February 4th, in New York City for sixteen thousand dollars (\$16,000.00). For export to Austria. His dam is Baroness Silky 2:26 1/4, a daughter of Baron Wilkes.

Chimewood 2:19 1-4

A great many people consider Chimewood the handsomest trotting stallion living; son of Highwood 2:21 1/4 and Chime of Belle by Mambrino King. His first five dams are in great brood mare list. Uncle Sam's Commission of four men from different States passed on this horse, Mr. Rommel Chief of Animal Husbandry of the United States, offered his limit, three thousand dollars (\$3,000.00) cash for Chimewood to head the government breeding farm in Colorado. This as well as other offers have been refused.

This is the time to patronize these horses. For 1913 terms and full information and the place.

Address,

JAMES GRANVILLE CECIL.

\$25.00 to insure a living colt for Each Horse.

Farm 3 1/2 miles from Danville on Danville and Harrodsburg turnpike.

Local and Long Distance Phone No. 128 Danville, Ky.

For Public Service, Season 1913.

I offer the two fine Saddle and Harness Horses.

Carroll Preston 4383.

Bay horse, star, both hind ankles white, seven years old, 16 hands high

\$25.00 To Insure a Living Foal.

Sire—Preston 922 by Washington Denmark 64. 1st dam baby Pence by Enoch Arden; 2nd dam Lady Pence by Almont Forest 2863 3rd dam, daughter of Garrard Chief 2253; 4th dam, daughter of Bories Grey Eagle.

HIGH CLOUD 3334.

Bay horse, star, both hind feet white above ankles, five years old, 16 hands high, good size and substance and plenty of bone.

Sire Highland Gay 1146 by Highland Denmark 730 by Black Squirrel 58. 1st dam, Patsy Lambert 3359 by Red Cloud 2197 by Indian Chief 1718, one of the two great chief sires.

\$20.00 To Insure a Living Foal.

These horses are both sound and genuine saddle horses with speed action, and perfect gaits.

I have facilities for caring for mares sent to me from a distance and will furnish good grass at reasonable price and the best of personal attention.

In all cases lien will be retained on foal for service fee according to law. Fees become immediately due and insurance is forfeited if mares are removed from the State or bred to another horse. Care will be taken to prevent accidents but not responsible should any occur. You are invited to inspect these horses at A. T. Nunnely's stock yards.

W. O. Walker, Stanford, Ky

AT BELLEVUE FARM.

Near Danville, Boyle County, Kentucky.

I offer for public service during the Season of 1913, by the show record

AMERICAS FINEST SADDLE STALLION

Winner of 82 first, 25 championships, 2 grand championships in the past three seasons. Unequaled by any other horse.

Kentucky's Choice 3765

by My Own Kentucky 3764. He by Chester Dare 10, dam Little Kate 5851, by Prince of Denmark 423, at the fee of \$75.00 to insure a living colt. For extended breeding, etc., address,

Joseph McDowell, Jr., Agent.

Danville, Kentucky.

Kentucky Choice is nominated in the Saddle Horse Futurity Stake.

Rex Helton 3404 Hill Squirrel.

A beautiful Chestnut Sorrel 15-1 hands high, heavy mane and tail and excellent carriage.

HILL SQUIRREL was sired by Chester Squirrel, he by Chester Dare and he black Squirrel. His dam by Red Squirrel.

He will make season of 1913 at my Livery and Sale stable on Stanford street at

\$10. to Insure Living Colt.

GARRARD PEAVINE.

Will also make the season of 1913, at my place at \$10.00 to insure a living colt. He is a fine young three year old with fine style and action. Sired by Rex Peavine, 1796, dam, Gordo Lady, 6330.

REID.

A fine black Jack with white points, foaled in August, 1905, 15 1/2 hands high, sired by Billy Keen, by Tom Keen, dam a show Jennet by a son of Joe Blackburn. This is a large fine Jack with the best of shape, fine and general make up and will stand at \$10.00 to insure.

Lien retained on all colts for service fee. Care taken to prevent accidents but not responsible should any occur. Money due when colt is foaled or mare parted with or bred to other stock without permission.

Season due when mare is traded or parted with

After Reading The Records.

A writer in the Saddle and Show Horse Chronicle, issue April 8th, has this to say regarding saddle sires:—

"Theorize as we may, it is the fellow that has delivered the goods to-day

who is the one most likely capable of doing it again to-morrow."

And then HE correctly records

BOHEMIAN KING 2410.

The place in the front rank as a sire of show colts to-day. The records not only confirm his statement, but are much stronger. Remember twenty six of his get were winners throughout the United States last year. But why go on? This stallion's phenomenal success as a sire has made him the sensation of the saddle horse world.

Investigate For Yourself. Then Decide.

We are now meeting mares at Harrodsburg, Danville, Shelby City and Burgin.

Will cheerfully reserve places for your mares if you will wire me.

ALLEN S EDELEN, Burgin, Kentucky

GLENWORTH FARMS.

Also have Bourbon Director, almost a brother in blood to Bohemian King, standing at \$20. He too, is bred right, therefore, breeds right.

Lancaster, Ky.

See that joint!

THAT patented joint has revolu-
tionized the whole business of
building silos by making it pos-
sible to construct a perfectly solid
stavesilo of any desired height. When
put together with a little white lead at
these joints, a two-piece stave

INDIANA SILO

is as good as if it were made of one-piece
staves, and very much less expensive. There
is no metal at these joints to become cor-
roded by the acids and no outside moisture
can collect in them to rot the wood. This
joint adds years to the life of your silo and
many dollars to its value.

We have a plan by which you can own
an Indiana Silo and let it pay for itself out
of what it saves for you on next winter's feed
bills. Give us a chance to explain it to you.

plan.

MT. HEBRON

Mr. and Mrs. Forest Curtis and two
children are on the sick list.

Little Lucy Grow is spending the
week with her grandparents at Pleasant
Hill.

Miss Alice Jones of Lexington is
teaching Miss Lida May Murphy music at
their home.

Mrs. E. F. Scott was the guest of
her sister Mrs. N. C. Mullins at Bry-
antville last week.

Mr. Willie Preston spent a part of
last week with his cousin Mr. Lewis
Lemay near Richmond.

Mr. and Mrs. John Roberts and
daughter Miss Beula of Jessamine were
with Mrs. Peachie Grow last week.

On May 10th the children and
grandchildren of Mrs. Mahala Sherrow
gave her a surprise birthday dinner, it
being her 75th anniversary. Quite a
number were present among whom was
a brother of Mrs. Sherrow who is 74.
A bounteous dinner was served and
much enjoyed by all present.

BUCKEYE.

Born to the wife of Wilson Hurt, May
16th a boy.

Edward Dickerson of Richmond is
visiting his sister Mrs. George Ray.

Miss Mamie Dickerson of Richmond
is visiting Garrard relatives and friends.

Mrs. Nora Teater visited her sister
Mrs. Forest Curtis at Mt. Hebron last
week.

Dr. Spittler of Crab Orchard has been
the guest of Mr. and Mrs. Andrew
Bogie.

Mr. Joe Simpson who emigrated to
Oklahoma several years ago, is visiting
friends here.

The Sunday School District Convention
will meet at Antioch next Sunday after-
noon at 3 o'clock.

Burnett Sanders has returned to Crab
Orchard, after a visit to his grand-
mother, Mrs. Hiram Ray.

Misses Stella Ray and Barbara Gulley
spent Saturday night and Sunday with
Mrs. Roy Sanders at Nina.

Mr. and Mrs. Meade Teater and
family of Loyd were guests at the home
of Mrs. Mal Carter Sunday.

Mrs. Walker Bradshaw and children
have been spending a few days with
her mother, Mrs. T. O. Hill.

Mr. and Mrs. L. L. Sanders of Crab
Orchard and Mr. and Mrs. Willie Rainey
of Lancaster were guests of Mrs. Hiram
Ray Sunday.

Misses Evelyn Hicks, Maggie Walker
and Evaree Carter of Loyd and Miss
Lizzie Gallinger were the week-end
guests of Miss Lucinda Carter.

Miss Nettie Hawkins of Lexington
an experienced trimmer is with Mrs.
Iva Teater. Everybody is invited to
the summer opening Saturday after-
noon, May 24th.

Rev. H. M. Demoss of Louisville will
preach at the Baptist church here next
Saturday afternoon and Sunday morn-
ing, and Rev. Priest of the same place
will conduct the services Sunday even-
ing.

DECIDE YOURSELF

**The Opportunity Is Here, Backed By
Lancaster Testimony.**

Don't take our word for it.
Don't depend on a stranger's state-
ment.

Read Lancaster endorsement.
Read the statements of Lancaster
citizens.

And decide for yourself.
Here is one case of it:

Mrs. B. F. Walter, Hill St., Lancas-
ter, Ky., says: "I never fail to praise
Doan's Kidney Pills when I have the
opportunity, as they are certainly a
fine remedy. I have not been without
a supply in the house for years. When-
ever my back becomes lame and pain-
ful, a few doses bring me instant relief.
At one time I feared that I had serious
kidney trouble. The kidney secretions
were unnatural and gave unmistakable
evidence of disordered kidneys. At
that time it was my good fortune to
hear of Doan's Kidney Pills and I began
using them. In a short time my
kidneys were normal."

For sale by all dealers. Price 50
cents. Foster-Milburn Co., Buffalo,
New York, sole agents for the United
States.

Remember the name—Doan's—and
take no other.

Candidates For County School Superintend- ent Must Hold State Certificates.

1 The Act of 1912 requires all candi-
dates for the office of County Superin-
tendent, except those who are now in
office, to hold a State Certificate issued
by the State Board of Examiners,
which does not expire during the anti-
cipated term of office.

2 The applicant may qualify by tak-
ing a special examination to be held in
the Department of Education, Frank-
fort, May 30 and 31, and June 27 and
28. This examination is in all respects
equivalent to the examination for the
regular State Certificate.

3 The applicant may qualify by tak-
ing the regular State Examination,
June 20 and 21, either in the county in
which the applicant resides or in Frank-
fort, before the State Board of Examin-
ers.

4 Applicants may qualify after
nominations are made in the August
Primary. However, there is only one
chance after the Primary, and that is
in the regular State Examination in
August, and the candidate can not take
this examination, except in his home
county, where he expects to run for
office, or in Frankfort in the Depart-
ment of Education.

5 Incumbents in office, under the
law, are qualified by virtue of their
past tenure of office, to run for re-elec-
tion without further examination.

6 The 1912 law prescribes that all
candidates who are not incumbents in
office, must either have a certificate as
herein described, or take this special
examination, which is in all respects,
the equivalent of a State Certificate.
Therefore, all such candidates must
have taught two years, the time requir-
ed by law to secure a State Certificate.

Barksdale Hamlett,
Superintendent Public Instruction.

What Beautiful Hair.

How often do we hear that exclamation
about a certain woman's or man's
hair.

A prominent scientist and hair spe-
cialist emphatically states, and has
proven, that any man or woman can
have luxuriant, lustrous hair, by using
a famous prescription called PARISIAN
Sage.

PARISIAN Sage is now made and
sold in America. R. E. McRoberts &
Son the druggist, is the agent in Lan-
caster and the readers of Lancaster can
buy from them for only 50cents a large
bottle.

R. E. McRoberts & Son knows that
PARISIAN Sage will beautify the hair,
cure dandruff and stop falling hair, and
for that reason they sell it under a
guarantee to cure or money back.
Price 50 cents. Girouq Mfg. Co., N.
Y., American Makers.

PREACHERSVILLE.

Miss Katherine Melvin has been a
guest of Mrs. J. M. Cress.

Mrs. Ona Naylor is up again after a
tough time with measles.

Mr. J. H. Thompson bought of Mr.
Quincy Naylor a bunch of fat hogs at
\$7.10 per cwt.

Mr. J. M. Cress and family attended
the burial of Mr. George Baker at Mt.
Vernon Saturday.

Miss Willie Belle Holtzclaw, of Stan-
ford, visited her sister, Mrs. D. M.
Anderson last week.

Mr. D. M. Anderson bought of Mr.
Geoffrey Blankenship, a sow and 8 pigs
two months old, for \$39.

Mr. and Mrs. Burch Hester of near
Stanford, visited her parents Mr. and
Mrs. D. M. Anderson Sunday.

Little Miss Lucy Anderson, daughter
of Mr. and Mrs. D. M. Anderson, suf-
fered a bad fall from a buggy.

Rev. E. B. English pastor of the
Baptist church will preach here Satur-
day P. M. Sunday and at night.

Mrs. J. J. Thompson, and little daugh-
ter, Miss Lucile are visiting her father
Mr. H. H. Baker at Mt. Vernon.

Mr. Logan Thompson and niece, Miss
Iva Thompson went to Mt. Vernon, Sat-
urday for the burial of Mr. George
Baker.

Mr. Samuel Payne, young son of Mr.
J. F. Payne, the blacksmith, caught a
19 pound blue cat at the Colson pond.
The fish was a fine one.

Messrs Speaks and Burton, of High-
land, who are expert saw mill men, are
sawing a big lot of lumber for Mr. W.
P. Grimes, of Stanford on his farm here.

Mr. F. F. Cummins and wife, daugh-
ters Allie May and Eliza and Uncle
John Anderson, arrived the first of the
week from Kissimmee Fla., to visit
friends and relatives here. Mr. Cum-
mins will return to Florida in two
weeks the rest of the family will spend
the summer here.

Rev. Wm. McC. Hutchins, of the
Harmony section, will preach the me-
morial sermon at Ephesus church 3 mil-
es south of Crab Orchard, next Sunday
May 25th. Other good speakers will
be on hand and the decoration service
will be observed. Everybody will bring
a basket of dinner.

Mr. Menefee Elmore is building a
boat house, bath house and restaurant
out in the Colson pond which he owns.
Since some fine fish have been caught,
a fishing club has been organized and
the payment of one dollar entitles any
member or his entire family to fishing
privileges during the year. With a
good brass band and a few other extras
our country boys can enjoy themselves
at home for Coney Island won't be in it
when the outfit gets in good running
order. Members joining daily.

Down In The 'Backer Patch.

I know not the reasons
But in rainy seasons,
It gave me joy.

When I was a boy,
To work in the 'Backer patch.

All you must know
Is just to get your row.

With a man to drop,
Then you must not stop,

Down in the 'backer patch.

When the ground is wet,
The plants are set,
With a great deal of speed
But very little heed,

Down in the 'backer patch.

For the boys you know,
All wish to show,
How fast they can set
When the ground is wet,

Down in the 'backer patch.

When the 'backer's a growing,
The plowing and hoeing,
Give plenty to do,
But there's nothing to chew

Down in the 'backer patch.

This fact I must tell,
If my task is done well,
When the 'backer worms come,
There's working some

Down in the 'backer patch.

To catch a worm
And watch him squirm
And spit his juice
Before he's let loose,

Is fun in the 'backer patch.

I'll leave it with you
To judge if it's true,
But I've heard it, said
They would bite off the head

Of a worm in the 'backer patch.

There's many a lad
Who experience has had,
In hoeing and chopping
In sucking and topping

Down in the 'backer patch.

Men continue to chew
And the 'backer worm too;
So we fodder the man
And kill if we can

The worm in the 'backer patch.

It's needless to say
We welcome the day,
When the cutting is done
And one by one

The sticks leave the 'backer patch.

We say good-bye
For the 'backer will dry
The worm will die
And the farmer will sigh

For joy over the 'backer patch.

—Harvey M. Estes.

TRY SOLACE AT OUR EXPENSE

Money Back for any case of

Rheumatism, Neuralgia or Headache that

Solace Fails To Remove.

SOLACE REMEDY is a recent medi-
cal discovery of three German Scien-
tists that dissolves Uric Acid Crystals

"Pittsburgh Perfect" Fence

There's no "bunkum" about weight per
roll when you buy "Pittsburgh Perfect" fence
because it is constructed without using
extra wire to make the fence-joints. The
extra weight of the joints in all wrapped
clamped, twisted or tied fences supplies no
extra strength, but actually weakens these
fences by persistently dragging down the

time
and money you
should. "Pittsburgh Perfect" is the only
fence with Electricity welded joints, a
one-piece fabric of unequalled strength,
durability and economy, because we
eliminate the expense of extra wire, and
put this money into extra quality.

Made in Different Styles for FIELD, FARM, RANCH, LAWN,
CHICKEN, POULTRY and RABBIT YARD and GARDEN

Ask your dealer for "Pittsburgh Perfect" and insist on his furnishing it. Do not allow him to persuade
you that some other fence is just as good. If he doesn't sell it, write us direct.

"Pittsburgh Perfect" Brands of Barbed Wire,
Bright, Annealed & Galvanized Wire; Twisted
Cable Wire; Hard Spring Coil Wire; Fence
Staples; Poultry Netting Staples; Regular Wire
Nails; Galvanized Wire Nails; Large Head
Roofing Nails; Single Loop Bale Ties; "Pitt-
sburgh Perfect" Fencing. All made of Open
Heath material.

NOTICE.
Notice is hereby given that R. D. McMurtry, Henry Williams, W. C. Ogg, Calvin Blakeman and G. M. Treadway, who are land owners and reside and own land in Garrard County Kentucky, will petition the Garrard County Court at its regular May term, to be held on May the 26th 1913, to change the public road in road District 63 in Garrard County Ky., running from Buena Vista and Polly Bend Turnpike into Polly's Bend so that said road when changed will run from the end of the said Turnpike through the land of Bettie Green and Eason Heirs, and also the lands of Mrs. Roy Williams and Jennie Lane, and coming back into the old road at the latter's place near the latter's barn and to leave open a portion of the old road that runs to Mrs. John Lane's place and will also ask for the appointment of viewers and for all necessary orders to obtain the change in the said road.

The undersigned is road supervisor of Garrard County Ky and as such acting as county road engineer. Said notice being given pursuant to the 1912 Acts of the General Assembly of Kentucky Chapter 110 Section 16 relating to roads, and approved March the 18th 1912. Given under my hand this 13th day of May 1913.

Cleveland Bourne, Road Supervisor.

Wanted.

An industrious man to represent one of the most extensive manufacturers of Home Remedies, Spices, Extracts, Soaps, Toilet Articles, Perfumes, Stock & Poultry Preparations in Garrard or adjoining Counties. Representative must furnish suitable conveyance, large profits and a permanent position. Address "The American Remedy Co., Tiffin, O." 5-9-3t.

Notice Of Change Of Road.

Notice is hereby given that there will be a petition filed in the Garrard County Court on the fourth Monday in May 1913 asking for a change of road of the county road beginning at the old toll gate house on the Lexington pike near the place where J. W. Poor lived during his life and terminates on the Buena Vista or Harrodsburg pike near a small oak on Ruble's corner. The change proposed to be made begins at or near White Oak creek near G. H. Ruble's gate and leaves the old road and creek and runs through the lands of G. Wood Pryor and A. H. Rubles along the line or near the line between their said Farms and takes the road cut of White Oak creek. This May 10 1913.

30 acres good grass for rent plenty water on Henderson and Doty Lane. G. M. Green Lancaster Ky. R. No 1.

LOST:—Between Raney's stable and the Ball Park or on the Ball Park, a ladies gold watch, Elgin movement, and long gold neck chain. Return to Record office and receive reward.

Capt. Am. Bourne sold on the streets here Saturday afternoon, a sow and six pigs belonging to Bristow Bruce, for \$40. J. H. Dalton being the purchaser.

When the chicks are hatched we keep them in the incubator, or allow them to stay with the mother 12 hours before feeding anything. Then we feed a fine chick grit and supply lukewarm water. The next day we give the first feed of fine cracked chick feed. Rolled oats are valuable, but we have had splendid results from feeding nothing but chick feed and grit for the first week. At the end of ten days we feed a finely powdered "grow feed" which has in it beef scrap, fish scrap, wheat shorts and some other ingredients. The young birds are very fond of this and it makes them grow rapidly. We also sprinkle powdered charcoal in the feed once a day. Clean water is supplied in a sanitary fountain. The water is changed several times a day, as the chicks require a very large quantity of water. When the chicks are about two weeks old we pull a handful of green clover, tie the stems together with a string and hang

LOST:—Black and tan spotted, white hound, bitch, one eye missing and bob tailed. Left my place last Sunday night. Reward for her return.

Towles T. Walker.

R. F. D. No. 3, Lancaster Ky.

Mr. L. K. Rogers of Danville is handling a yearling colt owned by Mrs. Richard Tasker Lowndes and whose dam is the noted Edna Mae that has developed wonderful speed and action. The colt is by Kentucky's Choice.

Dr. J. H. Bowen, of the University of Missouri, is shipping his Rex McDonald mare, Louise Mac 5447, to Glenworth Farms to be mated to Bohemian King. Louise Mac is out of Black Bess, by Rosewood, and the cross is considered very desirable.

G. B. Swinebroad bought of J. P. Ballard, 49 ewes with 51 lambs, at \$6.25

a head for the ewes with the lambs thrown in. From same party 9 herd of heifers and cows at \$35 a round and some butcher stuff of Ballard and Thompson for 6 cents. Mr. Swinebroad sold a cow and calf to Wilson Alexander for \$60.

The fine chesnut show mare, Nancy Peavine, by Rex Peavine, owned by Mr. Wells Tewmeyer, of Perryville, has been sent to the court of Bohemian King. With the exception of the great Edna Mae this mare has perhaps won more premiums than any other daughter of Rex Peavine, having been successfully exhibited in this state, Illinois and Missouri by Mr. Mat Cohen.

Rearing Of Good Chicks.

The death rate among young chicks in this state is very high. A large percentage of this loss is due to mismanagement. At the Experiment Station we have had splendid success in raising young chicks.

The vitality of the young birds depends very largely on the vigor of the birds that lay the eggs. We have found that we get the best results from eggs that are produced at that time in the spring when the flock is allowed considerable range on grass and other green crops. During the winter it is a common practice among poultrymen to house their birds closely. At this time fertility and vitality are very low, while later when the birds get out of doors, these qualities increase.

We have found that, in comparison with the incubator and brooder, the hen can very satisfactorily hatch the eggs and care for the chicks. We make the nests out of hay or some material that is in texture. Straw is rather coarse and allows the heat of the broody hen to escape, while the hay holds the heat in the nest.

When the chicks are hatched we keep them in the incubator, or allow them to stay with the mother 12 hours before feeding anything. Then we feed a fine chick grit and supply lukewarm water. The next day we give the first feed of fine cracked chick feed. Rolled oats are valuable, but we have had splendid results from feeding nothing but chick feed and grit for the first week. At the end of ten days we feed a finely powdered "grow feed" which has in it beef scrap, fish scrap, wheat shorts and some other ingredients. The young birds are very fond of this and it makes them grow rapidly. We also sprinkle powdered charcoal in the feed once a day. Clean water is supplied in a sanitary fountain. the bunch of green material where the little chicks can pull off the leaves. Too much green feed will cause scours, but some of it is needed.

The earthworm serves as a host for the gape worm. Therefore chicks that are allowed to roam over infected ground will contract gapes. By keeping our young chicks on ground that has not become infected, we have never had a case of gapes at this Station.

When the chicks are with the hen we provide a warm nesting box separated from the remainder of the flock. If we are brooding the birds under a heated hover we are very careful to keep the temperature at 103 degrees F. while the chicks are young. If the young birds become chilled they will be weakened. Any deformed or weak chicks are killed during the first twelve hours of their lives. It is not a good practice to take weak chicks from the incubator and allow them to run with their stronger mates, because they will contract diseases and infect the entire flock.

If there are no trees in the yard where we put the young birds, we provide shade by making an awning out of feed sacks, or cotton cloth. Sunflowers also make a good shade. If the young birds when they are a month old can run in a cultivated field, it gives them exercise and furnishes considerable feed.

By following these methods we have had a splendid success in the rearing of young birds.

J. J. Hooper, Professor of Animal Husbandry, College of Agriculture.

News Of The Churches.

Rev. J. W. Beagle of Covington, Ky., will fill the pulpit at the Baptist church Sunday morning and evening.

At the Methodist Church in this city Sunday night, five were received into its membership and one at the prayer meeting service on Tuesday night.

Bright Future For New Church.

Rev. F. M. Tindler returned to day from Burnside where he has been conducting a meeting that resulted in 45 additions to the church.

While there he successfully organized a new church, Bible school and C. W. B. M. and predicts a bright future for the new organization.

Communion Services.

There will be communion services at the McKendrie church next Sunday and all members should be present. Quarterly meeting at this church Wednesday night. W. E. Arnold the Presiding Elder, will be present and preach the sermon appropriate to the occasion.

State University News.

(C. B. W.)

Last week was a great week for the high schools of Kentucky.

For the first time in the history of the high schools of Ky, they had a rare treat in the atmosphere of delectable. Thirteen of the enthusiastic high schools sent twenty two contestants to State University Friday May 16 to compete with the other high schools in this new contest. The winner received a gold medal this was taken by Louisville male. The second best speaker received a silver medal this was captured by Lawrenceburg High school.

Friday afternoon the annual track meet of the high schools was held on State Field State University. This was a fine meet many high schools were represented and a large number of them won first places in several entries. This tract meet as well as the declamatory contest works as great stimulus to the high schools. Prof. Wearner who worked faithfully to get up this new declamatory contest, was very much pleased and hopes to have more high schools represented next year.

Tuesday May 20 the Freshman and Sophomore class had their first annual debate subject "That a Minimum Wage Scale Should Be Operated by Law in the U. S."

Still Another Applicant For Wiseman's Shoes.

A dark horse has just been uncovered in the scramble for the Internal Revenue Collectors for the Eighth District, in the veteran Democratic leader of Madison county. Judge Smith has been quietly prosecuting his campaign for the appointment, and it is said, and if the matter gets into a tangle is regarded as a strong compromise probability. Judge Smith, according to reports, is pinning his faith in W. J. Bryan, who is his close friend, having been the only Democratic elector chosen in Kentucky in 1896, and casting Kentucky's lone vote for the Nebraskaan.—Louisville Times.

A Deplorable Condition Existing Among The Horses Of The County.

We have refrained from making any mention of the state of affairs existing among the live stock of the town and county, feeling that we might do an injustice to some one, and hoping that the matter might improve, but this seems to be rather the contrary, and we believe that in justice to everyone, however much we regret to make mention of the deplorable facts, that we should endeavor to chronicle the facts as they actually exist. A very malignant form of Influenza, or such seems to be generally accepted as the disease, exists among the horses of the town and to some extent in the county. Mr. J. T. Raney, the popular liveryman, is the most severe sufferer from the scourge, he having lost three very fine animals, including his handsome stallion, and which will entail a loss upon him of thousands of dollars, the loss is augmented because of the fact that he has been compelled to close his stable to the public, and he also loses the prospective season of his horse and jack. Mr. Burton has also been compelled to close the doors of his barn to the general public, as also have Messrs Herndon & Walker. The two latter stables take this step in order to protect their own stock from becoming infected by associating with stock which may have been exposed to the disease.

Among the losers are Mr. J. A. Beazley a fine hearse horse, Rev. F. M. Tindler a nice mare, Mrs. Respass a pony and many others. Our local Veterinarians are busy day and night doing every thing that is possible to abate the spreading of the malady and it is hoped that their efforts may prove successful, however, the situation at present is anything but encouraging, and we would advise everyone to exercise every precaution as to food, quarters and to prevent their stock from being exposed to the disease, and in the event they become sick, obtain the services of a Veterinarian as quickly as possible.

To The Public.

Owing to the prevalence of contagious and infectious diseases among the horses and mules of this and adjoining counties, I am compelled to notify my friends that on next court day I cannot allow those who have been accustomed to do so to hitch or feed in my stable. I am forced to this step because of the fact that I have valuable horses which I cannot risk exposing to disease, and I will treat all alike, will neither hitch or feed horses for anyone. Please do not ask it. W. B. Burton.

NINA.

Mrs. W. T. Watson is on the sick list this week.

Miss Beatrice Watson of Brodhead is visiting relatives at this place.

Rev. Morgan filled his regular appointment at Bethel Saturday night, Sunday and Sunday night.
